

# Helminth Extracellular Vesicles Workshop

14:30 – 18:00 Saturday 31 August and continuing 09:00 – 14:00 Sunday 01 September 2019

Bratsera Hotel, Hydra, Greece

Held in association with 'Parasitic Helminths: New Perspectives in Biology and Infection' Conference 2019

## REGISTRATION

**\*LIMITED PLACES AVAILABLE\***

**Deadline:** Friday 12<sup>th</sup> April 2019

See overleaf for full details

## HOSTED BY

**Dr Amy Buck**

The University of Edinburgh  
United Kingdom

E: [a.buck@ed.ac.uk](mailto:a.buck@ed.ac.uk)

**Prof. Karl F. Hoffmann**

Aberystwyth University  
United Kingdom

E: [krh@aber.ac.uk](mailto:krh@aber.ac.uk)

**Prof. Cornelis H. Hokke**

Leiden University Medical  
Centre

The Netherlands

E: [c.h.hokke@lumc.nl](mailto:c.h.hokke@lumc.nl)

**Prof. Alex Loukas**

James Cook University  
Australia

E: [alex.loukas@jcu.edu.au](mailto:alex.loukas@jcu.edu.au)

## ADMINISTRATION

**Mrs Jessica Longworth**

Aberystwyth University

E: [jkl@aber.ac.uk](mailto:jkl@aber.ac.uk)

United Kingdom

## Exploring new research opportunities

Studies exploring how helminth extracellular vesicles (EVs) influence heterospecific (host) and conspecific relationships are increasing in number within our community. However, a lack of standardised methodologies, protocols and terminologies is hindering progress and preventing transformative breakthroughs. By bringing together EV experts and helminthologists for this two day workshop, we expect to thoroughly explore these topics and identify new research challenges/opportunities for the future.

## Output

A standardised set of guidelines will be agreed upon for the helminth community studying EV biology. A Special Issue of helminth EV biology will also be developed for publication in IJP.

**Parasitic Helminths: New Perspectives in Biology and Infection**

Sunday 1<sup>st</sup> September – Friday 6<sup>th</sup> September 2019, Bratsera Hotel, Hydra, Greece

## FURTHER INFORMATION

Early registration is recommended!

Places on this workshop are limited, so once we have received your application, we will contact you by e-mail to confirm if you have been allocated a place.

Delegates should make their own arrangements for accommodation and transport. For information on hotels and transfers, please see the main conference website:

<http://hydra.bio.ed.ac.uk/>

## REGISTRATION

Please complete the application form below and e-mail this to: [jkl@aber.ac.uk](mailto:jkl@aber.ac.uk)

Deadline for submission of applications is **Friday 12<sup>th</sup> April 2019**

**Data Protection:** All personal information collected here will be recorded and used only for the purpose of this event. Information will not be shared with any third parties not connected with the event.

Title: First Name: Surname:

Organisation:

Address:

Postal/Zip Code:

Tel:
